

## VENEZIA

### VIAGGIO AD ORIENTE

*A heterogeneous jubilation of accords capable of evoking the most captivating olfactory splendor and suggestions.*

*The journey to the East opens with the accord of precious Elemi which moulds itself to the peppery notes of Indian Mint. Rose and Jasmine are wrapped in a fresh vortex of Cold Spices and then pampered and bewitched by the sensual notes of Amyris. In the base, the notes of Vanilla and Tonka Bean ignite the precious woody sillage.*
